Straight up, do you agree with his entirely one-sided hateful views, or not?

It is entirely one-sided, as you say, but I don't think that you can claim that it is motivated by, or expresses hatred.

"The Blacksburg Massacre was enabled because America is awash with guns, has a power-obsessed, abusive and racist culture and IGNORES the appalling human consequences of its actions."

He expresses what, then? Other than his habit of lying, that is.

The man is trying to encourage you to reform the faults in your society, in the style of an old Testament prophet. He loves you so much that he is trying to save you from yourselves ....

News flash: we're doing that all by ourselves. Been at it since Independence. That it isn't happening fast enough to suit him is too damn bad. Much to his evident distaste, he is not in charge.

Granting his field of expertise and your national enthusiasm for consciousness-altering drugs, he'd be putting his energies into very different activities if he actually did hate you.

No, he's too much of a coward to try anything so direct. He'd rather rile others into doing it for him which is typical of his ilk.
