Sorry, I'm an American. I don't keep tabs on the rest of the world.

Um that should read Dumbass (Democrat) Ugly American...

Whatever.

Are you proud of Richard Nixon, Ronald Reagan and the Bushes ?

Graham

Yeah about as proud as the rest of us are of Johnson, Carter and Slick!

How about that Johnson! Got us into "nam with a bunch of lies after a campaign promising NOT do that. Had Goldwater setting off bombs to start WWII in campaign ads and then when Johnson wins, he almost immediately goes about starting WWII! Yeah, right, a huge confrontation between us and the USSR by proxies in South East Asia could never lead to all out war by some mistake, could it? And then Nixon does the "cut and run" thing in "nam like so many are starving for now in Iraq. Oh, if ONLY we could see those great photos of the last few Americans being helicoptered off the tallest building in Beirut as Al Qaeda moves in machine gunning any Iraqi suspected of being "friends" with "satan America". Yeah, that ought to really stop the killing as well as give us the kind of massive influence in the middle east the viet nam war ended up giving us in southern Asia. Feh!

Sure who cares if America goes down the tubes so long as Dems win the Whitehouse? Let the next President fix the mess. (Which interestingly seems to be the SAME principle that Bush has been using, except for party name, natch)
