Isn't that a bit above the flash point of the epoxy package?

{;-)

Jim

TI gives the maximum leakage as +/-1uA at
850C.

http://en.wikipedia.org/wiki/Degree_symbol

Best regards,
Spehro Pefhany

Sorry, Sphero, my machine shows that temperature as eight hundred fifty
celsius. It doesn't show the degree symbol ° at all.

Jim

Obviously your machine is not only screwing up rendering of the "°"
symbol, but also scrambling the spelling of my name.

Best regards,
Spehro Pefhany
