Which begs the question.....

When Saddam was alive – allegedly – he  
had "many" doubles. OK – where the  
hell did all of them disappear?

One of them got hung.

Ok, so you're suggesting "Saddam" is still alive? If not – sucks to be him  
(a look alike).

Yes, I am suggesting that. My level of seriousness when doing so is  
only about 23%, but I wouldn't rule it out. Why haven't we heard  
anything about those body doubles he had lately?

They all started shaving every day, and got jobs driving taxi cabs in  
New York City, of course! ;-)

Back during the war, it was reported that Saddam lost a leg in a  
bombing and that the doubles were hopping mad about it.
