Yes, improved.
But main headings don't work with Opera. (the Blue bits work fine).
Rather curious, as it's the first time I've seen Opera flinch
in over 2 years use.

Ok, I'll mention that. Works with Firefox, Mozilla, old Netscape and IE
though.

As was mentioned in the Plainclothes Hippie's recent RFC,
the **FIRST** step in getting a site right is ****W3C compliance****:
