Hi to all you guys.

I recently bought, (on ebay), a BLACKSTAR JUPITER 500 Function Generator 0.1Hz  
500kHz  
but there was no manual with it.

I'd like to get a manual if possible.  
I've searched on Google, Ebay and Amazon, but so far i've had no luck.

Would any of you know where i might be able to get hold of a manual for this  
item?

Any help in finding this manual would be greatly appreciated.

TIA

.
