Gentlemen,

We are looking for two IBM documents that are needed urgently for a project. They are titled "4680 Store Systems Serial I/O Channel Attachment Information" and "Serial I/O Product Attachment Information". \$100 will be paid to the first person to deliver either or both of these documents in their entirety. If you have partial documents or you are not sure please contact US anyway. The contact person is ty@xxxxxxxxxxxxxx

Bob, if you haven't done it yet maybe you could take a look at IBM's FTP server where they store lots of documents:
