We have a large assortment of Fiber Optic Patchcords left after a job. Most all brand new Lucent 4 foot (46 pcs), Lucent 8 foot (3 pcs), Cabletron 9342118-25 (25 foot MIC to ST-(7 pcs)) and Cabletron 9342118-15 (15 foot MIC to ST-(1 pc)). All are tested good. This is a real deal for a network installer / repair tech. Get them now at a fraction of their original cost. They are taking up too much room here. We accept POSTAL MO or Western Union online payments. Business checks will be held, personal checks will not be accepted.

Photos upon request Asking \$200 obo plus shipping, will consider trades
