We are manufacture low cost, high quality PCB prototypes in China.

Silk masks are produced for the same price

Send us a PCB file and we will reply promptly with a quote.

We can assemble components for your company.

if any question, Please email us with your questions.

We sell high quality HDI PCB's.

accept delivery times are prompt.(quick turn)

We can supply color PCBs board(Example: Blue, Black,Red,Green,White,yellow.)

Mail: njpcb@xxxxxxxxxxxx or sales@xxxxxxxxxx

E-mail pcb files to us and we will provide a prompt quote.

We sebd PCB via DHL or UPS (Approx 1 day from Chins to the USA)

Product Name: Printed Circuit BoardPlace of Origin: ChinaFeatures:

- 1) Surface finish: hot air solder leveling, entice, immersion gold, carbon ink, gold finger, peelable mask
- 2) PCB file format: protel,powerpcb,Gerber file,Engle....
- 3) Profile: routing, punching, V-Cut, chamfered
- 4) Number of layers for mass production: 2 - 12
- 5) Finished copper weight from .25 to 3oz
- 6) Minimum finished hole size .006"
- 7) Min. trace .004" - Min. space .004"
- 8) Max. panel size: 18" x 24"

---..---Low Cost High quality pcb prototype and Assembly manufacturer(CHINA).

---Low Cost High quality pcb prototype and Assembly manufacturer(CHINA).

- 9) Printed circuit board final thickness from .016" to .125"
- 10)soldermask /Legend in a variety of colors
(Green,White,Black,Yellow,Red..)
- 11)operating costs (10 pieces): 2 layers(about 0.048\$/inch) 4
layers(about 0.096\$/inch)

Lead times: 2 layers(1 days, 3 days, 5 days) Ships next day.
4 layers(2 days, 5 days, 7 days)
6 layers(3 days, 5 days, 8 days)

Min Qty 3pcs.
