Perhaps a bit off topic, but...

Can anyone here point me to a website that contains a listing of the maximum and minimum, average or mean temperatures for a FIXED and identified location within the central US for each of the most recently passed 50 or 80 years.

If it's not here --

[http://www.mnforsustain.org/mn\\_dewpoints\\_neuman\\_p\\_special\\_report.htm](http://www.mnforsustain.org/mn_dewpoints_neuman_p_special_report.htm) --

Pat Neuman probably can point you to it.
