The Danes have a way of simplifying decisions.

From an observer in Denmark.....

"We in Denmark cannot figure out why you are even bothering to hold an election.

On one side, you have a bitch who is a lawyer, married to a lawyer.
And a lawyer who is married to a bitch who is a lawyer.

On the other side, you have a true war hero, married to a woman with a huge chest, who owns a beer distributorship.

Is there a contest here?"

No comment is provided nor is any required. Still, is the current slate of presidential candidates the best that our country can muster up? Damn, I hope not!

Harry C.

Well the fact that the so called war hero is in actuality a war mongering old fool does complicate things, now doesn't it?
