Rob Dekker wrote:

There were a few of these EVs that survived this 'genocide' of EVs.

And every single one of them is SHIT.

If you haven't seen "Who Killed the Electric Car" yet, go and rent it
and weep.

Yes, weep at the gullibility of people who thought these were viable cars.

Graham

I would have expected a slightly more intelligent answer from you Graham.
Care to elaborate on your judgement call ?

Rob
