I recently created a Picture for Wikipedia where the Periocity of the limiting Orbit is represented by different colors:

<http://de.wikipedia.org/wiki/Mandelbrot–Menge>

[http://de.wikipedia.org/wiki/Bild:Mandelbrot Set %E2%80%93Periodicities coloured.png](http://de.wikipedia.org/wiki/Bild:Mandelbrot_Set_%E2%80%93Periodicities_coloured.png)

Is this something you were looking for?

Greetings.

.
