WORLDCOMP'09

The 2009 World Congress in Computer Science,
Computer Engineering, and Applied Computing
Date and Location: July 13–16, 2009, Las Vegas, USA

<http://www.world-academy-of-science.org>

You are invited to submit a paper. All accepted papers will be published in the respective conference proceedings (both, in printed book as well as online).

The sponsors of the congress include universities, research centers, research laboratories, and various USA government agencies and associations (see below for a list). WORLDCOMP'09 will be composed of research presentations, keynote lectures, invited presentations, tutorials, panel discussions, and poster presentations. In recent past, keynote and/or tutorial speakers included: Prof. David A. Patterson (U. of California, Berkeley); Prof. Michael J. Flynn (Stanford U.); Prof. John H. Holland (U. of Michigan, Ann Arbor); Prof. Brian D. Athey (U. of Michigan, Ann Arbor), Prof. H. J. Siegel (Colorado State U.); Prof. Barry Vercoe (MIT); Prof. Ruzena Bajcsy (U. of California, Berkeley); Prof. Jun Liu (Harvard U.); Dr. Jim Gettys (OLPC + developer of X Window); Dr. Chris Rowen (President and CEO, Tensilica, Inc.); and many other distinguished speakers. Prof. Ian Foster (Father of Grid Computing) has already accepted to deliver a keynote for WORLDCOMP'09 (others will be announced later).

The 2009 World Congress in Computer Science, Computer Engineering, and Applied Computing (WORLDCOMP'09) is composed of the following conferences (all will be held simultaneously, same location and dates: July 13–16, 2009, USA):

Call For Papers: WORLDCOMP'09 (computer science, computer engineering, and applied computing confere

- o BIOCAMP'09: The 2009 International Conference on Bioinformatics and Computational Biology;
- o CDES'09: The 2009 International Conference on Computer Design
- o CGVR'09: The 2009 International Conference on Computer Graphics and Virtual Reality
- o CSC'09: The 2009 International Conference on Scientific Computing
- o DMIN'09: The 2009 International Conference on Data Mining
- o EEE'09: The 2009 International Conference on e-Learning, e-Business, Enterprise Information Systems, and e-Government
- o ERSA'09: The 2009 International Conference on Engineering of Reconfigurable Systems and Algorithms
- o ESA'09: The 2009 International Conference on Embedded Systems and Applications
- o FCS'09: The 2009 International Conference on Foundations of Computer Science
- o FECS'09: The 2009 International Conference on Frontiers in Education: Computer Science and Computer Engineering
- o GCA'09: The 2009 International Conference on Grid Computing and Applications
- o GEM'09: The 2009 International Conference on Genetic and Evolutionary Methods
- o ICAI'09: The 2009 International Conference on Artificial Intelligence
- o ICOMP'09: The 2009 International Conference on Internet Computing
- o ICWN'09: The 2009 International Conference on Wireless Networks
- o IKE'09: The 2009 International Conference on Information and Knowledge Engineering
- o IPCV'09: The 2009 International Conference on Image Processing, Computer Vision, and Pattern Recognition
- o MSV'09: The 2009 International Conference on Modeling, Simulation and Visualization Methods

For Papers: WORLDCOMP'09 (computer science, computer engineering, and applied computing conferences), July 13–16

o PDPTA'09: The 2009 International Conference on Parallel and Distributed Processing Techniques and Applications

o SAM'09: The 2009 International Conference on Security and Management

o SERP'09: The 2009 International Conference on Software Engineering Research and Practice

o SWWS'09: The 2009 International Conference on Semantic Web and Web Services

(a link to each conference's URL can be found at <http://www.world-academy-of-science.org>)

SUBMISSION OF PAPERS:

Prospective authors are invited to submit their draft papers by uploading them to <http://worldcomp.cviog.uga.edu/> . Submissions must be received by Feb. 25, 2009 and they must be in either MS doc or pdf formats (about 5 to 7 pages – single space, font size of 10 to 12). All reasonable typesetting formats are acceptable (later, the authors of accepted papers will be asked to follow a particular typesetting format to prepare their papers for publication.)

The length of the Camera–Ready papers (if accepted) will be limited to 7 (IEEE style) pages. Papers must not have been previously published or currently submitted for publication elsewhere. The first page of the draft paper should include: title of the paper, name, affiliation, postal address, and email address for each author.

The first page should also identify the name of the Contact Author and a maximum of 5 topical keywords that would best represent the content of the paper. Finally, the name of the conference that the paper is being submitted to must be stated on the first page.

Papers will be evaluated for originality, significance, clarity, impact, and soundness. Each paper will be refereed by two experts in the field who are independent of the conference program committee.

The referees' evaluations will then be reviewed by two members of the program committee who will recommend a decision to the chair of the track that the paper has been submitted to. The chair will make the final decision. Lastly, the Camera–Ready papers will be reviewed by one member of the program committee.

Call For Papers: WORLDCOMP'09 (computer science, computer engineering, and applied computing conferences)

IMPORTANT DATES:

Feb. 25, 2009: Submission of papers (about 5 to 7 pages)

March 25, 2009: Notification of acceptance

April 25, 2009: Camera-Ready papers and Registration due

July 13–16, 2009: The 2009 World Congress in Computer Science,
Computer Engineering, and Applied Computing
(WORLDCOMP'09 – 22 joint conferences)

COORDINATOR:

H. R. Arabnia, PhD

Professor, Computer Science

Editor-in-Chief, The Journal of Supercomputing (Springer)

Advisory Board, IEEE Technical Committee on TCSC

Vice President, Int'l Society of Intelligent Biological Medicine

The University of Georgia

Department of Computer Science

415 Boyd Building

Athens, Georgia 30602–7404, USA

Tel: (706) 542–3480

email: hra@xxxxxxxxxx

CO-SPONSORS:

This is a partial list but it also includes the 2008 sponsors

pending their final approval for 2009), Academic Sponsors:

United States Military Academy, Network Science Center; Argonne's
Leadership Computing Facility (of Argonne National Lab); SECLAB/
Italy

(U. Naples Federico II, U. of Naples Parthenope, & 2nd U. of
Naples);

Computational Biology & Functional Genomics Lab., Harvard U.;

Int'l. Society of Intelligent Biological Medicine; Horvath Lab.,

UCLA; Minnesota Supercomputing Institute; Functional Genomics Lab.,

U. of Illinois at Urbana–Champaign; BioMedical Informatics &

Bio-Imaging Lab., Georgia Institute of Tech. and Emory U.;

Intelligent Data Exploration and Analysis Lab., U. of Texas at

Austin; Biomedical Cybernetics Lab., HST of Harvard U. & MIT;

Center for the Bioinformatics & Computational Genomics, Georgia

Institute of Tech.; Harvard Statistical Genomics & Computational

Lab., Harvard U.; Bioinformatics & Computational Biology Program,

George Mason U.; Hawkeye Radiology Informatics, U. of Iowa;

Medical Image HPC & Informatics Lab (MiHi Lab), U. of Iowa; U. of

North Dakota; NEMO/European Union; Knowledge Management &

Intelligent System Center of U. Siegen/Germany; various divisions

of European Commission (UNESCO NGO pending); ...

Corporate Sponsors include: Google, Inc.; Salford Systems;

Synplicity, Inc.; Supermicro, Inc.; NIIT Technologies; ...

PURPOSE / HISTORY:

This set of joint conferences is the largest annual gathering of researchers in computer science, computer engineering and applied computing. Many of the joint conferences in WORLDCOMP are the premier conferences for presentation of advances in their respective fields. We anticipate to have 2,400 or more attendees from over 85 countries participating in the 2009 joint conferences.

The motivation is to assemble a spectrum of affiliated research conferences into a coordinated research meeting held in a common place at a common time. The main goal is to provide a forum for exchange of ideas in a number of research areas that interact. The model used to form these annual conferences facilitates communication among researchers from all over the world in different fields of computer science, computer engineering and applied computing. Both inward research (core areas of computer science and engineering) and outward research (multi-disciplinary, inter-disciplinary, and applications) will be covered during the conferences.

WORLDCOMP'09 will be composed of research presentations, keynote lectures, invited presentations, tutorials, panel discussions, and poster presentations. One registration fee provides full access to all events/sessions of all conferences (including tutorials). The registration fee is set at the low end of the academia range for conferences.

MEMBERS OF PROGRAM AND ORGANIZING COMMITTEES:

The Program Committee includes members of chapters of World Academy of Science (chapters: supercomputing; scientific computing; AI; imaging science; databases; simulation; software engineering; embedded systems; internet and web technologies; communications; computer security; and bioinformatics.) The Program Committee for individual conferences is currently being formed. Those interested in joining the Program Committee should email H. R. Arabnia (hra@xxxxxxxxxx) the following information: Name, affiliation and position, complete mailing address, email address, a short biography together with research interests and the name of the conference offering to help with.

Many who have already joined the committees of individual tracks are renowned leaders, scholars, researchers, scientists and practitioners of the highest ranks; many are directors of research laboratories, fellows of various societies, heads/chairs of departments, deans and provosts.

LOCATION OF CONFERENCES:

Call For Papers: WORLDCOMP'09 (computer science, computer engineering, and applied computing conferences), July 13–16

The conferences will be held in the Monte Carlo hotel, Las Vegas, Nevada, USA (with any overflows at other near-by hotels). This is a mega hotel with excellent conference facilities and over 3,000 rooms. It is minutes from the airport with 24-hour shuttle service to and from the airport. This hotel has many recreational attractions, including: waterfalls, spa, pools, sunning decks, Easy River, wave pool, lighted tennis courts, health spa, nightly shows, a number of restaurants, ... The negotiated room rate for conference attendees is very reasonable. The hotel is within walking distance from most other attractions (recreational destinations, Golf courses, ...)
