Lie. Feminists are as they do. Whether you, honestly, accept the label, or dishonestly, don't, is irrelevant.

> *please explain how your stupid comment could possibly be relevant.*

Easily: Feminism is well proven as a movement that commonly uses The Big Lie, so as to get more rights, and fewer responsibilities, for it's harridans.

That the prof spoke accurately about differences between men and women, and some Feminista were "offended", only shows \*their\* failure to grasp simple \*facts\*.

Ad hom: Yep, you are a Feminist.

Because men are starting to speak out against misandry.

Yeah, song lyrics are great proofs in sociology.

Hey, heres one: Tell Me Lies, Tell Me Sweet Little Lies,  
Fleetwood Mac. So, based on your example, Fleetwood Mac " proves "  
that women=liars.

As I said, societal hate of \*men\* is common. So common that you MS-takenly ASSume that it's all right.

Theres little sadder than a male Feminist, as such a foul and low creature \*must\* hate itself, as its not a woman...
