Deteriorated... into democracy! Oh, horrible, horrible democracy! What foul, cruel machinations are in store for those sad little wogs once they travel down the road of democratic rule? Just the thought of all the blood shed from people poking themselves with political buttons makes my heart ache. Perhaps one day the wogs will learn their proper place in the universe and will refuse utterly the bait of democratic self-rule. Perhaps one day they will rise up, cast of the shackles of freedom and say "NO MORE!" and call with a unanimous voice for a return to the halcyon days of tyrannical despotism and brutal thugocracy. Perhaps...

Our hope for such a day has been sadly diminished by recent events in Iraq, but we cannot let such things erode our determination or quench our eternal hope that one day the stability of tyranny will return to the peoples of Iraq.
