:The political content of the report must be carefully removed and the facts
:come to light. No WMDs or facilities to produce WMDs. Everything else is
: 'mindreading' and political figleafing.

"...a small number of old, abandoned chemical munitions have been
discovered...."

So says the report. You keep screaming "None!" Even one is more than
none. You're wrong. Under your rules, that makes you a bald faced
liar.
