I have to go to San Francisco and Sacramento for 2 1/2 weeks.
I should have 2 Sundays and 2 weekdays free. Maybe more if
it keeps raining.
Anything to do or see out there?

Paul:

Do you want to go tourist? Do you have particular other
interests? Do you want to collect? If you can be more
detailed, I'm sure the help can be and if you need some general
guidebooks sent to a mailing address, that may be possible as
well.
