George and Dominic,

The Garmin 12 MAP is **not** like the GPS 12 and GPS 12 XL!

Try this instead:

MENU, MENU.

Track Logs.

MENU.

Setup Logging.

Record Mode: Full or Wrap (depending on what you want).

Sig,

I tried it in fill and wrap (difference?), still no go. I'm guessing faulty unit or old firmware.

Thanks for your reply either way.
