Came across some new forms today, can anyone help me out?

[cKOgYL

I know it means 'I'm sorry but...' but so does 'Y ~['L ' and 'T "jUD'.
What does [cKOgYL convey that the others don't?

iFWf, ^FkWjD as in:

ÍL·cfM_dD·ãÄ`iFWf, @^FhWjKc_

I know iFWf, means 'know matter what/how' but how is '^F' and the negative adding to the meaning?

~^Fk F as in:

A: Snó} T^"XgW‡F

B: HH iSKg^D_`Fk c_"gYL

What does it convey? How would it differ from iSKg^D_h c_"gYL

Thanks,

Jason
