Thanks, I needed that! I wonder whether *\*Foreign Affair\** or *\*Witness for the Prosecution\** is available on DVD --- they're not titles I've ever thought of while in the store --- I don't specially care for *\*Destry Rides Again\** ... I think I have seen one with both the German and the English versions of *\*Blue Angel\** ... almost got to see her at Expo '67, but my mother claimed she wasn't suitable for a 15-year-old ... she also wouldn't let me go see Judy Garland at the Palace, claiming she'd be back again next year ...
