It seems that someone from X-Trace: nnrp1.ozemail.com.au 1093262828 203.61.84.40 (Mon, 23 Aug 2004 22:07:08 EST) is using my unique usenet id of 'Qolon' and deliberately SPAM unrelated posts to discussion threads in which I am participating.

They ought to know that the name is a unique designator under which which certain literary works conveying proprietary knowledge are copyrighted. And therefore ought to cease such practice.
