I trust you can understand why, when Holly appeared here, I was reminded of the person whose name I couldn't remember, Heidi, who had been here many months earlier.

They have the very similar style of absolutely refusing to believe what people who know what they're talking about tell them, preferring outlandishly mystical explanations.

Was that an apology? If it was I'll forgive all the donuts you will owe me in the future just as long as you remember that I write fiction and respect that I am a libertarian.

Apology?? For what??

Donuts????

How would I know that you write fiction or are a libertarian?

All I know is that your approach is identical to Heidi's, so when you appeared here, I thought you were Heidi, who had been gone for months (but has now reappeared).
