how about another? I've been curious about the origin of the word  
"Coruscant" (as in the planet from Star Wars), which is said to come  
from the Latin word "coruscans", meaning "sparkling, glittering,  
flashing, etc." But where does that come from? Any hypotheses at  
all?

Well, I can't read Italian :( Could anyone who can give me a  
translation of that?  
It looks interesting...
