Serbian PE I (PEKAO) does not have meaning 'cook' but  
BAKE!

That's an obstacle for \*you\*? Baking and cooking are an  
awful lot more closely related than many pairs of  
concepts for which you've argued a connection.

Anyone who thinks that there's a close semantic connection  
between 'to roll about' and 'to swim', for instance, has no  
business complaining
