You are amazing Brainy!

BAKERY = Serb. PEKARA  
BAKER = PEKAR  
BLAZE = PLANUTI  
BLISTER = PLIK  
FLAME = PLAM

How do you explain above relations? Serbian PE I (PEKAO) does not have meaning 'cook' but BAKE!

That's an obstacle for \*you\*? Baking and cooking are an awful lot more closely related than many pairs of concepts for which you've argued a connection.

I do not believe that any one knows what you wanted to say above.

Cooking is cooking and baking is baking,  
Linguistically, cook (kuvar) is not related to baker (pekar) even if they were brothers!

Please, cool down and try to be logical and consistent.
