This is what you snipped:

Even if 26% **had** said that they would prefer it if you don't participate (which is what you asked), it wouldn't follow that they thought they had a right to demand that you leave. You invented this out of nothing.

The folks who demand someone to leave this forum, do not grasp that this is a **public** and **open** forum that **anyone** has a right to access to. Yes, you can smack down trolls and you can report vile and abusive posters. But, other than that, **no-one**...absolutely **no-one** has the right to demand someone leave this forum...be that me..or anyone else!

Spend some money on a shrink instead of taking it out on the group.
