Appendix to the glossary of the new Magdalenian words,
part 47, a test (seventeen)

CO OC LOP Cyclops kyklos

*kweklom *kweklos *kwolos *kweles

hweohol hweol wheel

CO O(C) L(OP) CO-O-L *kwel- 'turn'

CO-O-L kollern 'to roll (unevenly)'

Latin rota 'wheel' and German Rad 'wheel' and many
more similar words in other languages may stem from

TYR --- he who overcomes

RYT --- spear thrower

TYR has many derivates: ancient Greek tyrant (once
positive) / Tir, nordic god of justice and war (Tiwaz) /
emphatic Sseyr, Middle Helladic Zeus according to
Derk Ohlenroth, Doric Sseys / TYR Sseyr Sseys Zeus
theos deus Dis divinus divine Tiwaz Tir / SA TYR NOS
--- mind (nos) of the one who overcomes in the double
meaning of rule and give (tyr) from above (sa),
Saturnus, Saturn, ruler of a golden age / Latin turris
Italian torre French tour German Turm English tower,
dominating a landscape ... Also inverse RYT has
several derivates: ancient Greek rhytaer 'archer,
protector' (the latter testifying to the once positive
aspect of tyrant: he protected his people) / radius
radii, straight lines going out from a center into all
directions, named for spears thrown by a hunter
standing on top of a rock, and arrows shot by an
archer on top of a tower, flying into all directions /
Latin rota German Rad English rotation come from
the same figure and may include the coverage of
a spear thrower or an archer. Latin turris 'tower'
