Yes, the
hoovers.
Or luxes,
beyond
your eastern
borders.

What exactly do you mean
by that last remark?

"Nothing sucks like an Electrolux."

In the 1960s, the Swedish Electrolux
company successfully marketed
vacuums in the United Kingdom with the
slogan "Nothing sucks like an
Electrolux." British consumers took the
slogan literally because
"sucks" as a term of disparagement is strictly
an Americanism.

~~~ Reinhold (Rey) Aman ~~~

And English suck is related to Serbian sisa (teat), sika (teat,  
woman  
breast) and verb sisati (suck);

Some of the Serbian folk-etymologists believe that the name  
Deutsche-n  
(Dutch) has been adopted according to the Serbian personal

Re: Dust-sucker [Was: Re: Armenian, Sumerian, Burushaski, and Turkic languages]

name  
Doychin (derived from the Serbian noun dojka /breast, teat/  
and the  
verb doyiti (breast-feed).

Serbian name Doychin has the same meaning as other Serb.  
words like  
'doyenche' (baby), dechak/dyechak (boy) and dete/diyete  
(child). They  
also say that dete or diyete is an equivalent to the name of  
Teutons  
and that the Illyrian queen Teuta bore the Serbian female  
form of the  
masculine name Doychin/Dyechak/Diyete. ;~)

DV

Oh yes. Serbian is the father and mother of all languages. All the  
other languages of the world are just debased pidgin Serbian. Serbs!  
The lords of the Earth, the masters of the universe! Hail to the  
Serb!

Has it ever occurred to you, Douchie, that you sound both pathetic and  
ridiculous?

FogLoony, I do not understand why you are so hypersensitive at the  
mere mentioning of the Serbian name.

Well, it might be due to the little factoid that Serbian extremists  
were responsible for the worst genocide in Europe this side the Second  
World War.

Serbs were slaves for centuries (a little less than Finns) and they  
are herded now in the porch of the "extinction chamber" (known as  
"self-inflicted depopulation through the infertile copulation") that  
would replace them with the more resilient race like Albanians (their  
women are birth machines).

Re: Dust-sucker [Was: Re: Armenian, Sumerian, Burushaski, and Turkic languages]

You really think you are being very original, aren't you?

What is the birth rate in Finland? You'd better forbid the male marriages before Shqips come there and fuck you all!

Shefki Kuqi kicks your ass for Finland.
