My initial point was that even short words can be derivatives of compounds. This released a torrent of invectives. Yet my opponents – Prof. Dr. Nathan Sanders, professor Brian M. Scott, and Peter T. Daniels who gave invited lectures in five continents –

???????? North America, Europe, Asia.

could not invalidate my point. Arguments are stronger than invectives (and killrating campaigns).

Franz Gnaedinger

Killrating my message does not change the fact that Nathan Sanders, Brian M. Scott, and Peter T. Daniels could not invalidate my point. Invectives and killrating testify to a lack of arguments and to barren minds taking revenge.–

Just because you don't understand that your point is invalid doesn't mean that it isn't.
