his job as financial traffic analysis person made him privy to the most damaging unreported SEC violations that anyone at Salomon would know about.

If you spot criminal behavior, it is a very personal thing to the employee.

***** begin excerpt from 'Corruption at Salomon Brothers' *****

: I could see not only regular security incidents, but also who was queer,
: what your medical ailments are, whether you were looking for another job,
: where you lived, who you screwed, what you did on your off hours...

***** end excerpt from 'Corruption at Salomon Brothers' *****

One can see personal things, and the government often acts like a psychological terrorist. It doesn't matter which party has the presidency.

What could I see?

: from male@company
: I am hung like a dragon.

Wait, I'll get to that stuff.

Here is an example of a "resume hit" report.

I had created an analytic to spot (among other things) people leaving the firm...
