Actually, the business was BS ;-). But you knew that anyway.

But it's clear you are only interested in bullying and getting away with it.

Postings in English are not the only comments that count. YOUR insults came unprovoked. It's binary. They either did, or didn't. Look at the thread.

What was the meaning of your insults in Irish again? boman / bromaire (meaning something akin to "oaf" – "big stupid idiot", is that right?), gan mhaith (useless, literally "without good") – all of this was unprovoked.

You are trying to spin and convince people that black is white and white is black. Go and take a look. Actually, the one who came out making libellous comments was YOU. The publisher of a book you mentioned also may have a problem with you saying online that you would "wipe your arse" with it.

I'm quite happy to never mention your name again online or anywhere else for that matter, if you stop making UNPROVOKED libellous comments, and trying to get me, the victim, to apologise.

Sorry, but people are NOT stupid enough to believe your spin.
