<Sigh.>

I've taken the trouble to report pjmutnick's off-topic spam and request JJ's posting privileges be restored.

JJ might consider downloading a newsreader (Thunderbird for Mozilla, I guess, or Free Agent) which is much more convenient to use than Google's web interface anyway.

AOL probably has Usenet servers; I use a public server [nntp.aioe.org](http://nntp.aioe.org) .
