CFP Extended: IAENG International Conference on Data Mining and Applications ICDMA 2009

From: International Association of Engineers

The 2009 IAENG International Conference on Data Mining and Applications
18–20 March, 2009, Hong Kong
<http://www.iaeng.org/IMECS2009/ICDMA2009.html>

All submitted papers will be under peer review and accepted papers will be published in the conference proceeding (ISBN: 978-988-17012-2-0). Revised and expanded version of the selected papers may be included as book chapters in the standalone edited books under the framework of cooperation between Springer, American Institute of Physics, IEEE Computer Society, and IAENG. The abstracts will be indexed and available at major academic databases. The accepted papers will also be considered for publication in the special issues of the journal Engineering Letters, in IAENG journals and in edited books. For reference, the recent IAENG post conference edited books include titles like for example: Trends in Intelligent Systems and Computer Engineering, Advances in Communication Systems and Electrical Engineering, and Advances in Industrial Engineering and Operations Research by Springer.

The conference ICDMA'09 is held under the International MultiConference of Engineers and Computer Scientists 2009. The IMECS 2009 is organized by the International Association of Engineers (IAENG), and serves as good platforms for the engineering community members to meet with each other and to exchange ideas. The last conference in 2008 has attracted a total of over one thousand participants from over 50 countries.
