Regina is employed at the Robin's Donuts on the corner of 8th Street and Broadway Avenue, she is both a nubile sweetie and a Princess of Penis Street. Broadway Avenue in Saskatoon is lined with poster poles shaped like penises. In 1988 I pointed out the phallic nature of these penis poster poles and stated that the Egyptian obelisks on church roofs, The Whitehouse and at The Vatican are similarly representations of penises, and I was arrested and tortured for years. Dedra Hein used to work here at this Robins Donuts, when I told Dedra that she was the princess of the southernmost penis poster pole she claimed to be the Princess of All The Penises!!! But Dedra was deluded, she was but one of the many ignorant princesses of the southernmost penis poster pole.

Regina says her half–brother was born in April, perhaps on the 7th. I think that Regina is correct. Mom Ravine (69) and the kids were born on days 20, 7, 22 and 30, together these Bible Books contain 69 chapters. Regina's odd valued letters add to 69. The letters missing from Regina's name add to 245, it's 69.80% of the possible total (351), prettier as mom was born on day 80.

Regina was born exactly 29 weeks into the year. She was born with 162 days remaining in the year (Deuteronomy 9 with 29 verses). Her day and month of birth adds to 29. Her middle name adds to 58 (29+29), it's the 42nd non-prime while 42 in turn is the 29th non-prime. Her full name adds to 181, it's the 42nd prime while 42 in turn is the 29th non-prime. Mom and Regina were born on days of the month adding to 42 (29th non-prime). Perhaps the first of the kids was born on the 7th, if so then the first two kids were born on days of the month

adding to 29. Regina's birthday follows 297 days after her mom and sister's birthdays, it's 42.42 weeks (42 is the 29th non-prime).

Mom was born in 56, Regina's given names average 56. In Regina's given names her unrepeated letters add to 56 and her repeated letters add to 56. The sisters were born on days 22 and 30, together these Bible Books contain 263 verses (the 56th prime). The brother's first name is Lucas (56). The sisters were born on days 22 and 30, these elements have atomic masses averaging 56.19837. Mom is older than me, it's always a positive sign when a nubile sweetie has parents that are older than the eligibabble bachelor.

Regina was born 41+41+41 days further into the year than mom. She was born 41 days closer to the end of the year than to the beginning of the year. Perhaps the kids were born on days of the year adding to 330, corresponding to Second Kings 17 with 41 verses. "So these nations feared the Lord, but they also served their graven images; their children likewise, and their children's children... as their father's did, so do they to this day." -Second Kings 17:41. Even if Regina did toss me \$10 for my work, she and her family members would turn around and spend hundreds of dollars turning trees into decorated idols... and so I needed Regina in my bed about as much as I needed another hole in my head.

We think that the kids were born on days 7, 22 and 30, together these Bible Books contain 881 verses, it's 114 plus the 114th prime (619) plus the 114th non-prime (148). Regina and I were together born an average of 114 days closer to the beginning of our years than to the end of our years. Note that Bible chapter 148 (the 114th non-prime) brings Numbers up to 1140 verses.

show you people gems and year after year you spend billions of dollars on turning trees into idols while calling me insane (Second Chronicles 36:16).

The Bible repeatedly condemns turning trees into idols. Bowing to the tree (via the placement and retrieval of presents at the base of the tree) is a violation of God's First Commandment. Hanging representations of the sun, moon and angels on the tree is a violation of God's Second Commandment. The sun is visibly rising from the south by December 25th, calling this pagan holiday "Christmas" is a violation of God's Third Commandment for it is not Christ's Mass at all but is instead a pagan mass. In my effort to get away from the brutal cycle of psychiatric abuse, at the psychiatric appeal panel hearings I would tell the Protestants and Catholics seated in judgment against me that the Bible repeatedly condemns turning trees into idols (see Deuteronomy 12:2; 1 Kings 14:23; 2 Kings 16:4, 17:10; 2 Chronicles 28:4; Isaiah 57:5; Jeremiah 2:20, 3:6, 3:13, 10:3-4, 17:2 and Ezekiel 6:13), but my words were used against me, once Dr. Gene Marcoux heard me say this and he responded by saying that I was religiously deluded, for everybody does it (turns trees into idols). Hiring Hindus or Catholic or Protestant psychiatrists to torture me in an attempt to make me shut up about your fertility symbols and other false traditions is nothing less than a violation of God's Sixth Commandment. Closing your hearts to me and allowing me to beg in vain for assistance to flee the country and the horrid rounds of psychiatric abuse is in absolute opposition to love, compassion and anything Jesus ever stood for. As long as you people are free to offer prayers to Mary and/or to hang posters advertising drunken parties then you think you are free. Your reproductive strategy is to support your parent's traditions (including their churches) in order to obtain support from parents, relatives and employers, but God dothn't think too highly of your attitude and will sometimes trim your branches.

If you people think you have the right to use my abusive parents as tools to have me arrested and tortured, then I think that I have the right to ask women to marry me, or to marry Marcia and me. I have Scripture to support taking seven brides (Isaiah 4:1) and I have Scripture to support sleeping with Melinda Jarocki outside of wedlock (First Kings 1:1-5), while you people have a vast multitude of Scriptures condemning your decorated trees, phallic-capped churches and your violence against me for daring to point out your pagan traditions. Good luck!!! If you think Jesus is telling you people to spend billions of dollars annually on turning trees into decorated idols, and millions of dollars to torture me, then you people don't have Jesus and are instead in desperate need of luck. Just as you people sat back in silence when I was being tortured, beaten and robbed, or just as you people sat back in silence when the Star-Phoenix called me a pedophile on September 3rd 2004, may God sit back in silence when your children find themselves in their hour of need. But I will not sit back in silence, if I find any of you compassionless God-damned turds in the obituaries I will cheer with utter glee (Psalm 137:9) and will post your stats again.

Isaiah 45:4, Ephesians 3:15 - God gives you your name!!!

Here are my Carlys:

1)

1936 Buick Coupe - I wanted to buy a coupe, when Sam discovered I found one at a reasonable price, he insisted that he would take me to see it, he then drove me to see this car on 7th Street. I think I was 17 years old, the car was about \$700. Sam ordered me in a very angry and gruff voice not to buy the car, he said it needed king pins and that I would never find king pins for it. Sam ordered me not to purchase it and added that he would buy me a nice car some day

2)

1938 Cadillac LaSalle 4 door sedan - Ruby threw away the head lights and the tail lights, the car is rolled and already missing the drive train, now there isn't enough left of this car to attempt to fix. I still have this car and need parts for it. Farmer cousin Jack never gave me a bill of sale for it, maybe he forgot about the transaction

3)

1940 Chevrolet 4 door sedan - no tears in the interior, gauges intact, not rusted out, the engine needed work. Sam sold it for the \$50 I paid for it within 3 days after bringing it home (Lloyd Minion and Brian Dent helped me get it home), I think that Sam sold it to one of the alcoholic Saskatoon City Police officers that dropped by daily to drink with Sam at his bar in the basement

4)

1952 Studebaker Coupe - Ran and drivable but the water pump was about to fail, Sam ordered me to sell it. Sam sold it to the first person who flashed any amount of money. When there was a car that needed to be sold, Ruby would always become very threatening and speak in a shrill voice that I would expect to hear as a child before she would hit me. She slapped me around pretty good on the morning of December 25th one year, this and acts like it resulted in me stuttering when I was around 11 or 12 years old. About this time I did not desire to dress up and go Halloweening, and Sam gave me a slap and ordered me to get dressed and go door to door on my own for the sweet treats

5)

1956 Ford 2 door Sedan - I went to Kelsey to learn motor mechanics, I put a lot of work into the 390 V8 engine, also installed a 4 speed manual transmission, Ruby went insane in her insistence that I sell the vehicle (new brakes and exhaust), I put it up for sale to try to keep peace in the family, sold it for about what the transmission was worth

6)

1957 Ford 2 door Sedan - And what a mistake to put this car in Sam's precious back yard, the body school at Kelsey Institute repaired the rusted-out rocker panels, the parents insisted and insisted I should not have this car

7)

1958 Ford School Bus camperized with stove and 3 way fridge - In the late 1970's (or perhaps in 1980) I drove this over to show my parents, Ruby became ballistic and repeatedly demanded I sell it, she would phone me up and harp about it

8)

1965 Daimler Benz 40 Foot Bus V6 Cummins - As per Ruby's insistence I sold the 58 Ford school bus. But then I immediately bought a bigger bus, then year after year after year after year after year after year I listened to Ruby ordering me to sell the bus (again she would phone me up to harp at me about it, and pretty much every time I saw her she would make it an issue). There was

never any encouragement from Sam, all my life he took away my vehicles and always promised that he would help me get established in life and buy me a car. But all he would do is feed steaks and booze to the rich relatives and to any of his alcoholic friends

9)

1970(?) VW Station Wagon - Clark Henderson's sister sold me this VW Wagon when I worked as a Social Worker in Whitecourt Alberta in 1987, intoxicated Sam and insane Ruby came to see me in Whitecourt, Ruby repeatedly demanded I sell the 1965 Daimler bus, Sam assaulted me during the visit, they returned to Saskatoon and sold the Daimler for \$1000. Earlier Sam sent me \$1000 when I went to school in Montreal and finished my degree in Anthropology with Women's Studies Classes, he used this amount to determine the selling price, sold the bus and took the money. My job performance suffered after Sam assaulted me and sold my bus, I lost my job in Whitecourt, this VW broke down and I had no money to fix it

10)

1966 Ford 2 door hardtop - The VW broke down, so at the end of 1987 I bought a cheap Ford to leave Whitecourt and return to Saskatoon, but during 1988 my words upset people in the community and they had my abusive parents institutionalize me. Rather than make money to keep this car running, I was drugged and tortured

11 and 12)

After a few years of psychiatric torture and a few years of absence from my parents, I renewed limited contact with them late into year 2001, for Sam was in the hospital then with a hip replacement, I thought to go to wish him well. Sam then told me that he bought a van, and that he never really got anything in trade for the late 1990's Crown Victoria. The contact with Sam results in contact with Ruby, and together they took me for a drive looking around the streets of Confederation Park to find my mother's 1984 Mustang, Ruby sold it to some kid and so Sam drove us around in search of the car just to point it out for me. I heard Ruby say many times since obtaining it, that she would pass her Mustang down to her kids. Then Sam insisted on checking my blood sugar and then promptly stuck me with a dirty needle. Ruby said that Sam should have used a clean-new needle
