I am writing a song:

James Harris go away, go away!
James Harris, we've had enough of your nonsense today,
You think you can factor,
but you are nothing more than an actor,
James Harris, there is nothing more for you to say!

James Harris go away, go away!
We really hope you enjoyed your stay,
Your ideas dont work,
and you really are a jerk,
James Harris, to your surrogate factoring, we all say "Nay!"
