William Elliot wrote:

I read by new arrivals as it more efficient than looking for new arrivals in threaded mode. Why do I have to put with bleeding bleaters that demand everybody to believe the same computer religion that they do?

I've not the time nor the inclination for the clerical chore of back tracking the thread to reconstruct the line of thought. If you want intelligent and well thought answers, then include the context pertinent to your reply and to whom your are talking.

(Couldn't resist...)
