## SOME QUESTIONS TO MEDITATE ON!:

1. Can Modern Physics derive Newton's second Law of Force?
  2. Can Modern Physics tell what a Inertial system is, and Why some systems are inertial and others are not?
  3. Can Modern Physics tell why Forces come in opposite pairs with the same magnitude and acting on the same line?
  4. Can Modern Physics answer what Charge is, and why opposite charge attract while the same Charge repell?
  5. Can Modern Physics give a final solution to the Bohr's Quantum condition?
  6. Can Modern Physics tell WHY there are four Forces: Gravitation, Strong Nuclear, Weak Nuclear, ElectroMagnetic ?
  7. Can Modern Physics tell what Life is?
  8. Can Modern Physics tell what Light is?
  9. Can Modern Physics estimating mass of complex particle forms?
  10. Can Modern Physics tell what Religion is?
  11. Can Modern Physics tell what motivates trolls?
