Group Members,

I would like to invite you to join a small and select group of educators on an adventure that will change your life forever! Join us in China this summer enhancing the conversational English skills of Chinese high school students.

There are numerous summer teaching opportunities in China for US educators. While our program provides the most upscale experience, we also realize that our program is not for everyone. Please contact me if you have any questions or would like additional information. Previous program delegates are available and willing to share their program experiences with you.

Best regards,
John McBride
