the following from the article which i read in a newspaper

ýno: 666 the number of beast

In Bible 666 is mentioned as the no: of beast,

ý ý"Here is wisdom. let him that hath understanding count the number of the beast, for it is the number of a man, and his number is 666

ý ý ý ý ý ý ý ý ý ý ý ý ý ý ý ý Revelation 13:18

ýthen article says that cryptologists have said that this statement is used to mention emperor nero who lived at that time.

other major points given are

- 1) $\pi = 666/212$
- 2) numbers having 666 digits are known as apocalyptic numbers, ex:– 3184 th digit in fibonacci series
- 3)british motor vehicle have stopped the use of the number 666 , for vehicle registration, as they noticed that vehicles having 666 as their registration number have caused more accidents
- 3)totient function of $666 = 6 \times 6 \times 6$
- 4) if we add first 444 digits of $\pi - 3$ we will get 666????

the article concludes in the following lines:–

- 1) there are many ýproperties ýfor the, number of the beast, can you find it out ?
- 2) can you find out any other mathematical statements,facts stated in the bible ?

Re: number 666, the number of beast

What then, is the number of God?

6, because the Trinity (1, 2, 3) sums to 6.

6 is also the product of the Trinity: $1*2*3=6$.

Now, God squared is 36 and the sum of integers from 1 to God**2 = 666.

Spooky, eh?

.
