It would have been a surprise to find occlusive coronary disease as the cause of what you describe.

> *Where do I go from here?*

Would wonder about a pheochromocytoma.

> *My G.P. is looking at test for phaeochromocytoma.*

Sounds like the right next step.

You'll be in my prayers, dear Ron whom I love, in Christ's holy name.

Servant to the humblest person in the universe,

Andrew
