Could having a tummy tuck rid one of VAT? I'm on the 1kg-omer, which is the 2lb-omer, so I use about 800g a day. It's working great and I've lost 8 lbs so far, and I've lost lots from my waistline and can now wear a belt, giving myself an hour-glass figure ;-)

However, having had children, I feel that I'd need to be a skeleton before losing the final flab on the tummy. So, would a tummy tuck rid me of any VAT?

Advice please.
