I

you're

May
25th,
1997
when
we
were
unwitting
victims
of
a
lovely
scheme
to
create
oxygen
deprived
damaged
neonates
for
their
NICU.
The
damaged
neonates
make
gobs
of
money
for
the

Yes,
the
hospital
was
compensated
handsomely
for
our

and
YES
IT
IS
TYPICAL.
You
would
have
to
ask
Parkland

Re: THE PATIENT WHO REFUSED TO DIE. 08/01/08

what
their
net
was
on
our
case
because
I
have
no

I
imagine
they
went

so
they

I
was
a

Glad
I

Love,
Laura...THEPATIENTWHOREFUSEDTODIE

Please read
my story
and then if
you want to
say I am
thankless
and
ungrateful,
fine. You
have your
reality and I
have mine
but your
opinions
have no
bearing on

my life
whatsoever.

My reality
says I am
thankful
every day to
be alive. I
am also
thankful to
have the
capacity to
love even
those whom
have hurt
me.

Nearly
every day I
have a
feeling of
sorrow for
the people
involved in
hurting me.

I am
grateful that
my spirit
does not
allow me to
do the
wrong thing
even if
doing the
right thing
is very
difficult. As
far
as money
goes....it
appears to
me that
money is
the only
way to get
back my life
that was
taken from
me. I
believe with

all my heart
that
I have tried
everything
else. If you
or anybody
else can
think of
some
other way
for me to
get help
please tell
me. I have
put all of
my
personal
information
and contact
information
out on the
internet. I
have no
privacy. I
am not
hiding. Here
is a list of
things I
have
tried:

1.
BEGGING
Parkland to
just fix me.
2. Telling
University
of Texas
Medical
School that
I would
sign
papers
saying I
would not
tell my
story if they
would just
fix me and

my son with
whatever
freaky
science they
have.

3. Begging
the Nat'l
Institute of
Health for
medical
help; I told
them I
would sign
papers
saying I
would not
tell my
story if they
would just
fix
me...they
told me to
go to
UTSW.

4. Asking
the US
attorney
office to
help me, I
even
offered to
go
into witness
protection
and assume
a new
identity if
they would
just
get me
proper
medical
care so I
could work
and raise
my family.
They
told me to
go to the
media and
to write my

congress
representatives.

5. I asked
countless
med. mal
lawyers for
help. ("This
case is too
delicate
blah blah
blah.")

6. Asking
Illuminata
for
advice...She
told me to
go to the
media.

7. Asking
MANY
doctors for
help.

8. Asking
the FBI for
help...they
told me to
go to the
media. "We
can't help
you, the
elite rich, (I
think he
said the top
half percent
or top 1%)
run the
country.

They
control the
politicians.
Politicians
run the
government.
Politicians
have to
keep the
rich
happy. If
you can get
the public
behind you,

that
threatens
the
politicians
power and
they will
turn a 180
and support
you to keep
the
public
happy...thereby
allowing
them to
keep their
jobs."
Lovely
lesson that
was.

So, these
are some of
the things I
have tried
over the
years over
and
over. I was
not on a
mission to
uncover the
ugly belly
of the
medical
system or
human
research
fundraising
or any other
government
crap. I
just wanted
to know
why I could
not get
proper
medical
care after
obviously

being
injured in
the hospital.
Am I
supposed to
stop now
just because
nobody
knows what
to do with
me? I am
asking for
help.
Oh, and yes,
I can be a
*****. I
tried being
shy once; It
didn't
work.

Truth,

Thank You. I plan on doing just that. Saddle
up and go along for the
ride. I promise you won't believe parts of it
and I also promise it
matters not what anybody believes. I have to
tell it anyway. Warmly,

Re: THE PATIENT WHO REFUSED TO DIE. 08/01/08

Remember that satan no longer has any power or authority in this world
except that which he steals with his lies and his sockpuppet (corporeal demons) have no free will to do anything but satan's will.

May GOD bless you in His mighty way more than ever thereby making you
ever hungrier (healthier) as He humbles you, so that you will have His
strength to do what He desires of you, dear Laura.

Prayerfully in the awesome name of our Messiah, LORD Jesus Christ,

Andrew <><

God has blessed me today even more than yesterday.

HE is awesome :-)

... and His smile is so beautiful that we do feel it as a burning in our hearts.

It is so simple.

Truth is simple.

Thank you Dear Andrew for sharing your knowledge.

Laus Deo :-)

... am just a humble (wonderfully hungry :-) newsboy.

Be Hungry, Be Healthy. Be Hungrier, Be Healthier.

Re: THE PATIENT WHO REFUSED TO DIE. 08/01/08

It is how we know the answer to that question, which directs us to being right with GOD:

WDJW --> "What does Jesus want?"

How about, WDCW? ----> What does Chung want?

-----begin Chung excerpt-----

Instead of being angry at Jesus, you would be wise redirect your anger toward satan, who has his long and thick barbed member reaming your every orifice until you don't know which way is up because of all the internal bruising amd (sic) lacerations.
