Who says Ilena doesn't have a heart?

The first time ever I saw her face
I somehow envied the blind
And the rants and slurs were the gifts she gave
> From her dark and her empty mind, my love,
from her dark and her empty mind.

The first time ever I kissed her mouth
And felt her heart beat close to mine
I reached for a packet of small blue pills
That was there at my command, my love

That was there at my command.

And the first time ever I lay with her
I felt her heart so close to mine
And I knew our joy would fill the earth
And last till the pill ran out my love
It would last till the Viagra wore off my love

(Thanks go to Ewan McColl for writing the original and to Roberta Flack for embedding the meme in our minds)
