I have been using periolase for about 6 months, and I was very impressed with my cases outcome. Here is a case I post in dental town.....Just want to know what people think about this procedure? I have 2-3 business to run....So please don't get offended if I didn't get back to you rapidly.....<http://groups.google.com/group/dfw-dental/web/arlington-mansfield-are...>

Any One care for perio?

Its too bad you didn't do one half the mouth with conventional scale and root plane, and the other half with your laser regimen. Then I could tell if what you did actually was better than good 'ol scale and root plane, and worth the extra \$.

John

John:

I agree....But I'm still new in LANAP, and I used to perform a lots of pocket reduction surgery with GTR. Most immediate and long term (5 years) result is not as good as I like. So far I have perform
