Our healthy living and aging philosophy is simple – eat well-balanced meals that include multiple servings of foods high in fiber, like fruits, vegetables, and bran, exercise regularly and incorporate a nutritional regimen that addresses aging at the root of the problem, from a cellular and biological level. One of Waiora's Newest Products "Natural Cellular Defense", acts like a sponge to remove toxins and chemicals from the body. It works so well, the company has a US PATENT# 6288045 documenting its amazing Cancer cell killing ability in the human body. It not only kills cancer but balances the bodies blood ph to slightly alkaline to prevent viral and bacterial growth! It has been extremely effective on shingles and even chrones disease.

because it is a natural product, it is even safe for pregnant mothers to be.
