Back in December of 2006 I was diagnosed with stage III Hodgkin's Lymphoma. I took time off from my job while I was getting slammed with ABVD chemo. During that time, I looked around for some rude and crude cancer humor shirts and just could not find any I liked.

I decided to start my own online t-shirt shop.

My Shirts started to sell pretty well, so I added other categories to the shop. My Mother has MS, so I made some shirts for her as well.

You don't have to buy, but please spread the word.

Thanks,
Ryan
