Um, it was about Christians and Santa Claus. Read the title of the thread.  
It's in the Subject field.

You weren't "explaining"  
: anything...you were poking fun at folks who think differently  
: than you do.

If you would have noticed, but I guess — despite what you would like people  
to think, you didn't. It is called satire. Satire is used to make a point,  
one you obviously couldn't grasp. Read it again.

YOU are the one who lies Cody.. It's right  
: there in black and white. You didn't even mention buddhism  
: in that post..just spewed your intolerance of everyone who  
: isn't like you.

Actually, Elmo and Santa was a satire of how Elmo and Geb used to insult me.  
I should have put in a disclaimer. I admit it, it didn't really happen.  
Happy? As a member of a Christian society with freedom of speech, I feel I  
have a right to satirize all it all I want and, trust me, I am not the only  
one. Nothing in the post claimed it was about, referring to or explaining  
Buddhism. The post was an effort through satire for you people to see the  
absurdity of believing in such things!
