Too stupid to recognize satire and too ignorant to know why I did it, eh, so you have to resort to the only thing you know how to do, insult me and show your ignorance regarding Buddhism. How creative. Buddhists aren't perfect and they most certainly aren't good Christians.

:> I said (this is one long sentence, try reading it as such) that  
:> it's not the belief in any God that causes wars as much as it  
:> is the desire to have the entire world be of the same belief

:> No....read it again...it stems from intolerance. Just like
