I just found the latest from Patricia Doyle:

Hep C Passed Via Saliva, Breast Milk, Etc

>From a 1998 article, more proof that HCV can be passed on by saliva or even breast milk. Sometimes we do take heat for bringing facts like these to the public on your program and site...but the truth is essential.

HCV is a horrific disease...I live with it daily. Sometimes I am so tired and so foggy that it is just hard to get through a day.  
We have a pandemic going on and the government still would imply that HCV is only found in drug addicts or people who have unprotected sex with multiple partners.

'Iceberg Virus' May Be More Deadly Than AIDS

BBC News  
6-9-98

The virus is transmitted mainly by blood to blood contact, but, like HIV, can also be passed on through sexual intercourse and, in rare cases, in breast milk and saliva.

woman who had breast-fed her children, then they would be suspect too.

Patricia Doyle is trying to break up families with scary stories. I would have thought that those Christians, who so oppose the break-up of families, would shut her up.

I do think that Thomas should have a word with her. She is a menace.
